A HIGHER SPECIFICATION AS STANDARD

THE DIFFERENCE IS CALA

At CALA, we think long and hard about how you will use your new home but, more importantly, we like to imagine how you will feel there. That's why we speak to our customers, constantly finding out what they enjoy about their new surroundings and discovering more about how we can make things even better.

Of course you will need light and space, the right layout and room to grow, but we've also learned that having all the extra things you would never expect to be included, incorporated as standard, is what will set your CALA home apart.

With many housebuilders, that could be a tall order but, as we always say, when it comes to finding your dream home, just ask CALA.

OFFERING A HIGHER STANDARD

EXTERNAL

When the sun does appear, our outdoor spaces are good to go. Last minute BBQ's are no problem with a generous patio, external taps and 1.8m privacy fence.

SECURITY

It should come as no surprise to learn that your safety and security are paramount. That's why every home comes with an alarm system, mains-wired smoke detectors and battery operated CO detectors.

KITCHENS

Busy homes make bigger demands, so we've taken the pressure off meal times with Siemens hobs and larger oven space. Friends or family gathering? Cater for even the largest dinner party and, with a built in Siemens dishwasher, clean up in no time.

We all have our 'Where can we put that?' moments. Our larger than average utility room provides every family with the perfect hideaway.

BEDROOMS

With generous proportions and some homes including your very own personal dressing space, the master bedroom can be your go-to sanctuary. The addition of luxurious en suites ensures no queue for the family bathroom in the morning rush hour.

BATHROOMS

Wake up with a shower or wind down in a relaxing bath in your Laufen designer bathroom, complete with full-height Porcelanosa tiling, chrome towel warmers and practical storage space.
