WOLVERCOTE MILL

FLOWING WITH CHARACTERFUL AND CONTEMPORARY CHARM

Combining the best of village and city living, Wolvercote Mill is an aspirational gateway to everything Oxford and its idyllic rural surroundings have to offer.

Situated where an 18th century mill once supplied paper to the Oxford University Press, this prestigious new development enjoys neighbouring parkland and thatched pubs galore, all within strolling distance of the River Thames and a 20 minute cycle ride from the city centre.

From elegant 2 bedroom mews to substantial 3 and 4 bedroom detached homes, each has been beautifully designed with CALA's contemporary styling and high specification throughout.

BUYING NEW IS BETTER WITH CALA

CALA PEACE OF MIND

A 10-year NHBC Buildmark Warranty, 24-hour response service for emergency calls and after-sales service for two years following all purchases.

MOVE CHAIN-FREE

Our 100% Part Exchange* service frees you from being in a chain. For more information and to use our part exchange calculator to see what you could save, visit cala.co.uk/part-exchange

MORE CHOICE

With a selection of kitchens and bathrooms, you can choose the cabinets, tiles and floorings to suit you. Choices are subject to build stage.

A VIBRANT NEW COMMUNITY

Many residents of new developments find that they quickly become part of an inclusive community of like-minded people.

LESS MAINTENANCE

A new build home requires lower maintenance compared to an old house, saving you time and money.

THE BEST OF BOTH

CALA homes balance modern contemporary design with traditional architecture to enhance their characterful surroundings.

ENERGY EFFICIENT

Enjoy reduced gas and electricity bills and a better insulated, more energy efficient home, compared to a Victorian home with some modern updates.**

SAFE AS HOUSES

Built with safety in mind, our homes comply with the latest Health and Safety standards, including modern consumer units and ample, well positioned sockets, multi-point locks and mains powered smoke alarms.

ALL THE MOD CONS

New built-in kitchen appliances covered by manufacturers' warranties and the latest water efficient bathroom fittings. Also a boiler and heating system complete with at least a two year warranty.

FREEDOM TO PERSONALISE

A brand new home is the golden opportunity to make it your own. Its blank canvas can bring out the interior designer in you and give you the freedom to stamp your personality on everything.

MORE LIGHT AND SPACE

Our Light and Space Collection is thoughtfully designed to promote sustainability and wellbeing. Maximising natural light, some homes also feature three-zone kitchens to create open plan living and breakaway rooms for relaxation, such as formal lounges and private studies.

CONSUMER CODE FOR HOMEBUILDERS

We comply with the Consumer Code for Homebuilders, giving you peace of mind during the purchase process.

**CONSUMER
CODE FOR
HOMEBUILDERS**

www.consumercode.co.uk

*CALA will obtain 2 independent valuations based on achieving a sale in a 4-6 week period, part exchange considered subject to CALA's purchasing criteria, terms and conditions. Up to 100% part exchange available on selected plots, subject to terms and conditions and not in conjunction with any other offer. Incentives are available at selected developments on selected homes. For terms and conditions on all CALA incentives, please visit cala.co.uk/terms. **Source: The NHBC Foundation 2016.

HISTORY

1541

The first recording of 'Wolvercote Mills' was in 1541; these were situated within the development site.

In 1674 Oxford University Press started to use the site for paper production.

1674

1856

In 1856 a new mill was constructed to the north to house the new steam-powered machinery required for the manufacturing of paper. The Old Mill was demolished to make way for this new building in 1855.

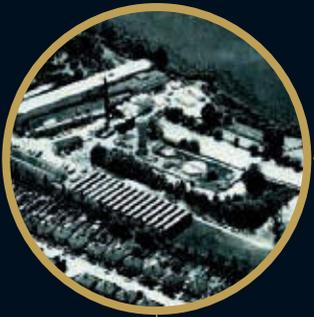

The site was sold to Oxford University in 1872. This included the adjoining water meadows on both sides of the river and King's Weir.

1872

By 1957 the mill buildings had been replaced by a modern building and the Mill Stream was culverted.

1917

In 1917 paper making went into decline, so the University began a process of modernisation.

1957

The University Press operated until the late 1970s when it was sold. However, the paper mill finally closed in 1997.

1997

2004

In 2004 the mill buildings were demolished with only four smaller twentieth century buildings remaining.

ARCHITECT, SANDEEP SHAMBI SHARES THE VISION OF WOLVERCOTE MILL

Wolvercote Mill was designed by Sandeep Shambi of Glenn Howells Architects. The award-winning architectural firm was assigned the project to ensure a well-considered and sensitive design, which remained in-keeping with the site's history and the surrounding village's architecture. Sandeep Shambi discusses his thoughts and inspiration behind the design:

"When we were creating the architectural design for CALA Homes' new Wolvercote Mill development, we had two major elements to consider and draw inspiration from: the site's history and heritage; and the natural aspects of the rural landscape.

The design featured a handful of clearly defined character areas, through specific housetypes, colours and the layout of the buildings. By providing a variety of typologies, we sought to create a more interesting place for residents and visitors alike. We used a mix of red and buff coloured brick for the majority of the homes which are prominent colours throughout the village. Sensitive to the fact that a large portion of Wolvercote village is protected and characterised, we wanted the homes at the entrance of the development to be clad in dust-coloured stone, complementing the listed cottages already situated there.

When visitors first arrive at Wolvercote Mill, we want them to be amazed by the natural setting. The development has been designed with outdoor living, wellbeing and community in mind, with a lot of effort made to make the new homes fit in with the existing village. Residents from the existing village will be drawn into the new development via walking routes that link into Wolvercote's village green. These have not been accessible for 15 years and were incredibly overgrown, so we're delighted that our design will re-open these for the entire village to enjoy."

Sandeep Shambi

“ WE WANTED TO CREATE A PLACE FOR ALL TO ENJOY THE RICH MATURE WOODLAND AND STUNNING NATURAL AREAS IN AND AROUND THE SERIES OF HISTORIC WATERCOURSES, WHICH ALL ONCE SERVED THE WORKINGS OF THE PAPER MILLS. ”

Sandeep Shambi, Glenn Howells Architects

SERVICE WITH A WIDE RANGE OF SMILES

Premier quality homes deserve a customer service to match. CALA is committed to making your journey to a whole new lifestyle as enjoyable as the destination itself. Supporting you every step of the way, we work hard to ensure a straightforward and smooth-running move. From initial enquiry through to handing over the keys and beyond, we'll help your dream home come true.

Here are just some of the many happy comments we've received from CALA homeowners:

"As soon as we saw the plans for Hopefield Grange, we knew it was the right place for us to raise our family. Everything about the development was ideal for what we were looking for, from the close proximity to the local nursery and school to the open green spaces and playing fields. The house itself was perfect, with plenty of room both in and outdoors, and a good sized garden for our son to play in."

ALEX AND KATIE JUPP, PURCHASERS AT HOPEFIELD GRANGE

"I think the completion was done in a miracle time, everything was overwhelmingly positive and a memorable day as it was around the time of my birthday."

"We had a seamless transition throughout the process, with absolutely no complaints."

"The after purchase service was the most memorable aspect."

HELP TO BUY SCHEME SECURES DREAM HOME FOR FIRST TIME BUYERS MOVING OUT OF LONDON

Matt comments: "We rented a one-bedroom flat in St John's Wood near Regent's Park for six years as it was ideal for getting into Central London, where we both work. I'm 41 years old, and Nikki is 35, and we had reached that point where we wanted to buy our own house, get a dog and enjoy everything the countryside had to offer."

Matt, who works in technology, and Nikki, who works for a retailer, used the Government-backed Help to Buy scheme, to purchase their dream home at Aspen Park.

Matt continues: "As first-time buyers, we'd done our research into schemes available to help us onto the property ladder and into our perfect home, and the Help to Buy scheme had always been an attractive option to us. The scheme helped us to budget and understand what we could afford, and it seemed like a no-brainer to take advantage of it. Thanks to the scheme, we've been able to purchase a four-bedroom semi-detached home, offering plenty of space for myself, Nikki and our Labrador, Monty, but also allowing us space to grow."

MATT EVANS AND NIKKI PRICE, PURCHASERS AT ASPEN PARK, HADDENHAM

Andy said: "We were amazed by the spaciousness of the rooms, and the garden was a great size for a new build. We feel really lucky to have found such a lovely house, in a beautiful location, at a cost we could afford."

Carolyn said: "Location was really important to us and we really love the area, so it's great we didn't have to move too far in order to find our dream home. We enjoy shopping, sports, going out for meals, seeing our family and local friends, and most importantly walking our Irish Setter Rudi in the beautiful green open fields in the village."

ANDY THORBURN AND CAROLYN KNOWLES,
PURCHASERS AT LONGHORN GARDENS,
ASTON CLINTON, BUCKINGHAMSHIRE

“

IT'S A WONDERFUL, LIVELY AND ACTIVE COMMUNITY – IT'S SMALL, BUT THRIVING. THERE'S ALWAYS A LOT GOING ON, PEOPLE COME FROM NEIGHBOURING TOWNS AND VILLAGES TO TAKE PART IN WHAT WOLVERCOTE HAS TO OFFER.”

Robin Lipsey, Owner of Yoga With Robin Lipsey

ALL ON YOUR DOORSTEP

The picturesque village of Wolvercote is home to a wealth of amenities and facilities all within easy reach. You can keep your mind, body and spirit in check, experience the art of dance at The Oxford School of Ballet, take advantage of the high street shops, enjoy traditional artisan goods or visit the essential local pub – there's something here for everyone.

YOGA WITH ROBIN LIPSEY

Yoga with Robin Lipsey is a yoga business run by Robin himself, a local resident who has been teaching the discipline for 40 years in total, 15 years of which has been in Wolvercote. The classes are run morning and afternoon, Monday to Thursday, in 'The Yoga Barn' attached to Robin's own home in the village. Robin teaches Hatha Yoga, incorporating a number of different styles, with the main focus on yoga postures and breathing exercises. The classes also include an interlude of stillness, to practice meditation and deep relaxation.

THE POST BOX

Run by Carl and Katie Keeble, The Post Box is a quaint corner shop that is at the centre of village life, with lots of personality – and that’s just the owners. Carl is well known in the village, and always puts a smile on the face of any customer. ‘Google Carl’ is a familiar phrase with locals, as he is everyone’s first port of call for information about the village and its goings-on.

They sell just about everything from newspapers, groceries and fresh bread, to plants and Christmas trees. You can even get old videos transferred onto DVDs, and of course, post any letters in the red post box outside.

“WOLVERCOTE OFFERS A VERY VARIED COMMUNITY, FROM PEOPLE WHO HAVE MOVED FROM ALL OVER THE WORLD, TO GENERATIONS OF FAMILIES WHO HAVE LIVED HERE ALL THEIR LIFE. WE ARE LUCKY ENOUGH TO BE ON THE EDGE OF A MASSIVE IMPORTANT CITY, WHILST MAINTAINING OUR RURALITY AND VILLAGE ATMOSPHERE.”

Carl and Katie Keeble of The Post Box

“

THE TROUT INN IS A REAL HUB OF THE COMMUNITY. WE SEE MANY DIFFERENT TYPES OF PEOPLE HERE, FROM BUSY FAMILIES TO PASSERS-BY WHO HAVE BEEN ENJOYING THE STUNNING COUNTRYSIDE WALKS THAT WOLVERCOTE HAS TO OFFER.

”

Eoin, General Manager at The Trout Inn Pub

THE TROUT INN

The Trout Inn pub in Lower Wolvercote is a much-loved watering hole and the hub of a vibrant community. Dating back to the 17th century, the pub provides a stylish yet comfortable setting where many members of the local community come to escape the demands of everyday life.

Developed by the pub's very own talented chefs, their delicious menus of seasonal dishes feature a wide range of sharing platters, light bites, hearty classic dishes and children's meals.

To be enjoyed all year round, the outdoor garden offers extensive seating with patio heaters - ideal for keeping warm and cosy on colder nights. But if you are sitting outside, make sure you watch out for Krug, the resident peacock of the pub's garden!

FAIR CLOSE RYELANDS AND WOLVERCOTE COMMUNITY FARM

The Fair Close flock was established in 2008 by journalist and editor Tim Metcalfe. Taking its name from the name of the field where the sheep are pastured, Fair Close Ryelands is a small scale sheep-breeding enterprise, which also produces a stunning range of 100% natural undyed wool throws, scarves and yarn which are sold at local farmers' markets from a small flock of rare breed Ryeland sheep.

The field is also home to the long-established Wolvercote Community Farm where Tim also works with local students from St Edwards School, owners of the land, and the charity Farm Ability, which offers young adults with autism or learning difficulties the chance to learn new skills in a welcoming space. The farm also enables local people to get involved with low-impact, sustainable farming methods and food production.

“

WOLVERCOTE IS THE PERFECT PLACE TO REAR MY FLOCK OF RYELANDS AND I'M GLAD THAT INTERESTED LOCAL RESIDENTS ENJOY WORKING WITH THE FLOCK ON THE COMMUNITY FARM. ”

Tim Metcalfe, Owner of Fair Close Ryelands

WOLVERCOTE

BE AT THE HEART OF VILLAGE AND CITY LIFE

With a traditional English country village feel, Wolvercote is home to a church, primary school, doctor's surgery and four public houses. CALA will also be building a brand-new community centre at the heart of its thriving neighbourhood.

The open public space of Port Meadow is only a five-minute walk away, where you can explore the flora and fauna of Oxford's oldest monument and Site of Special Scientific Interest. Still used for horses and cattle, there's also an extensive network of cycle and walking paths leading into Oxford city centre. The popular areas of Jericho and Summertown are close by too, so you certainly won't be short of exciting local amenities.

The new proposed Mill Square at the heart of the development is to be a key piece of public realm, that brings not only the whole development together but also ties it back to the existing village. It is envisaged that the square will become a meeting point and social hub for the village, offering a well-managed and pedestrian friendly space that will encourage activity from both new and existing members of the community.

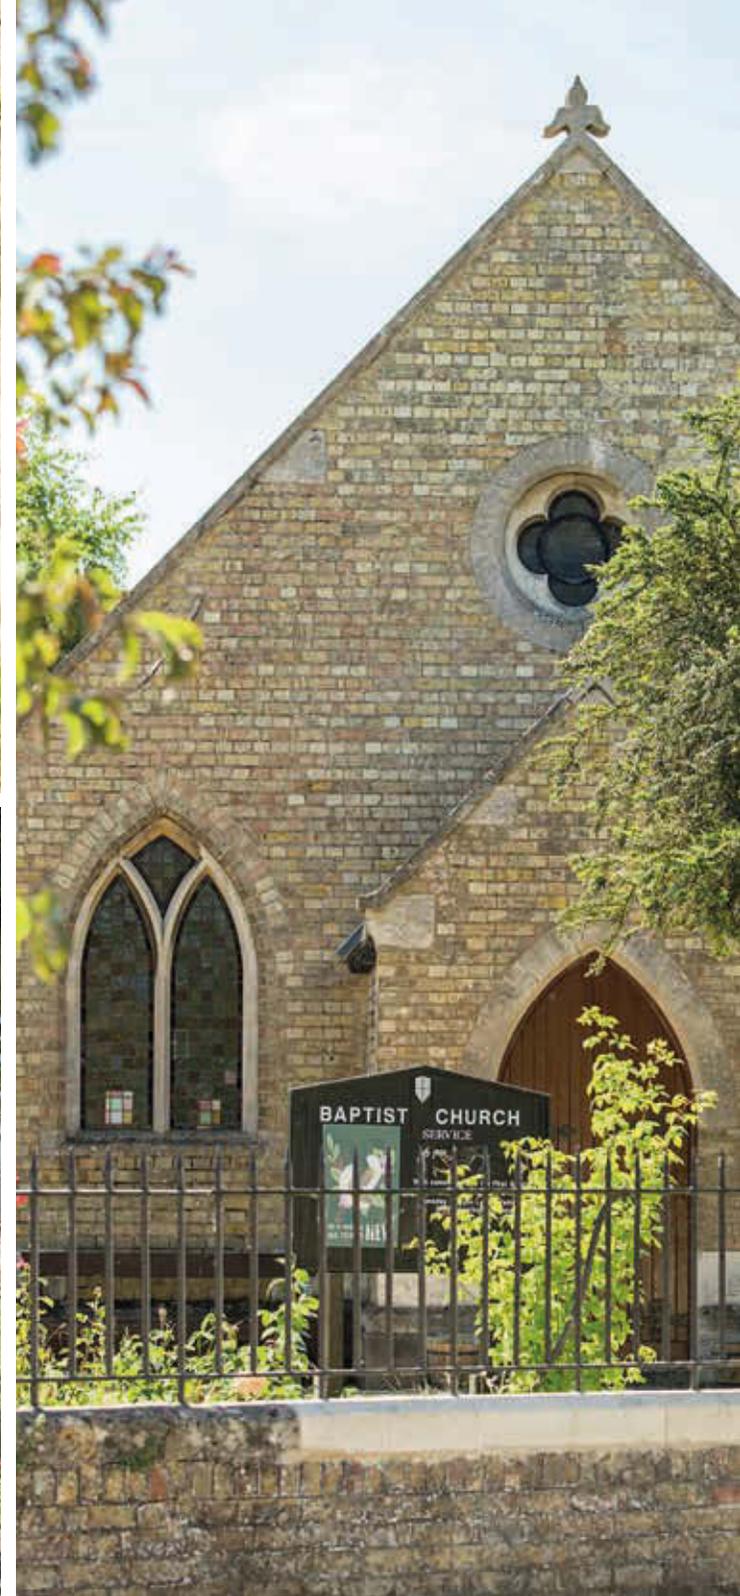

Steeped in academic splendour, Oxford's wealth of historic treasures include its Covered Market and the world's first university museum, The Ashmolean. As well as boasting world-famous sights, the characterful city streets are positively brimming with popular restaurants, theatres and shops, including John Lewis and other leading retailers at Westgate Oxford shopping centre.

Further architectural inspiration can be found at the monumental country house and gardens of Blenheim Palace, a stunning World Heritage Site in nearby Woodstock.

Plus, if you fancy more active pursuits, you can get your skates on at Oxford Ice Rink, play a relaxing round at North Oxford Golf Club, or enjoy any of the city's wide selection of leisure facilities.

Local area photography

HIGHLY DESIRABLE, HIGHLY ACCESSIBLE

Wolvercote provides a convenient gateway for commuters too. You can reach central London by train in approximately 57 minutes from Oxford Station, which following significant improvements will reduce journey times to the capital even further.

For drivers, the A34 is located just over a mile away, connecting you to the wider road network including the M40 north and M4 south. So you can enjoy easy access to London, Banbury, Bicester, Cirencester, Cheltenham or Swindon.

Oxford Parkway Park & Ride also offers bus services to Woodstock and to London Heathrow or Gatwick Airport for international departures. While in addition to generous cycle stores across the development, you can enjoy a variety of cycling routes, including a direct one into Oxford city centre that takes approximately 20 minutes.

Between the country and the city, Oxford lays claim to an extensive bus network. Millions of pounds of investment has been made by the main bus companies in order to become greener. Currently, Wolvercote is served by the No.6 bus, which runs a regular route directly into Oxford from Home Close, with stops within the village. The new scheme will see an extension and improvement of this bus route with an additional stop for the newly proposed Mill Square, close to the potential GP surgery.

WYTHAM HOUSE

3 BEDROOM DETACHED HOME

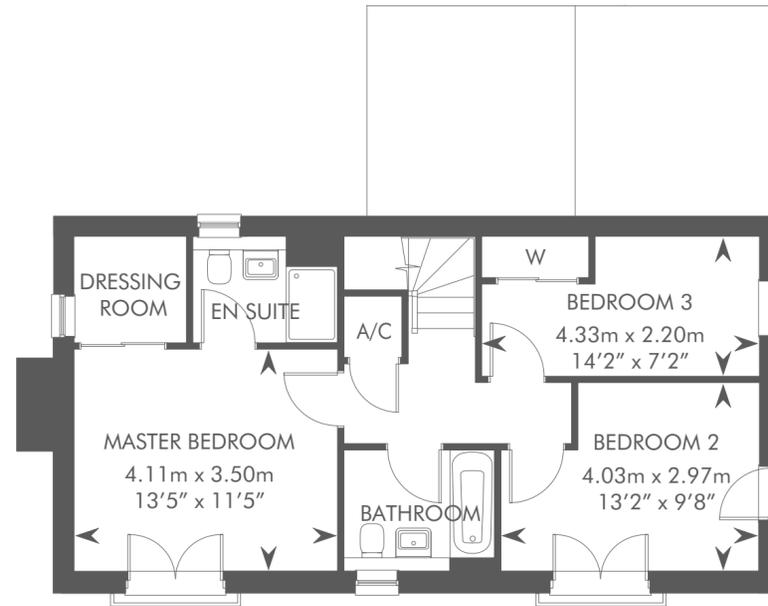

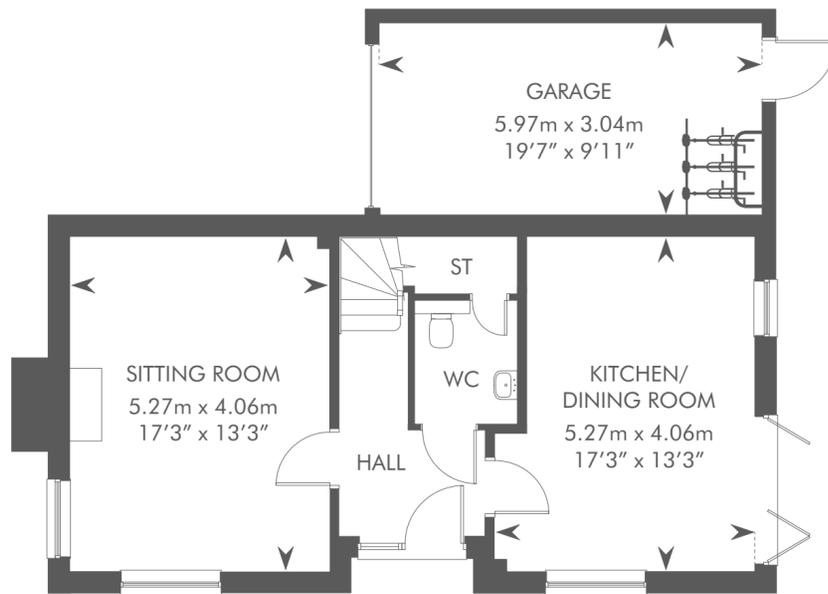

Resplendent in red and buff coloured brickwork, Wytham House is perfectly arranged for contemporary living. Its large open plan kitchen/dining room brings the outside in through elegant bi-fold doors and windows on two sides. While on the other side of the central hall, an equally spacious, double aspect sitting room with feature fireplace, sets the scene for entertaining evenings.

Each of the three bedrooms offers extra individual touches, whether it's the twin Juliet balconies of the second bedroom, the fitted wardrobe in the third, or the Juliet balcony, en suite and private dressing room in the master. Not forgetting the additions of a luxury family bathroom, downstairs cloakroom, attached garage and ample storage throughout this attractive family residence.

WYTHAM HOUSE

PLOT 6 – AS SHOWN

GROUND FLOOR

THE FINER DETAILS YOUR SPECIFICATION

KITCHEN

- Professionally designed kitchen with quality kitchen units, stone work surfaces and bi-fold doors leading into garden
- 1 1/2 undermounted stainless steel sink with single engraved drainer and chrome mixer Vado LIFE tap with swivel spout
- Soft close doors and drawer units with cutlery tray and LED under-unit lighting
- Bosch built-in double oven
- Bosch 5-burner gas hob and extractor (spur for optional upgrade to induction hob)
- Bosch integrated fridge/freezer
- Bosch integrated dishwasher
- Bosch integrated washer/dryer
- Caple wine cooler (300mm)

FAMILY BATHROOM, EN SUITE AND CLOAKROOM*

- Laufen Pro sanitaryware
- Vado LIFE rainshower heads to all showers
- Shower handset and screen over baths
- Heated chrome towel rails

*Design is subject to change. Please ask your Sales Consultant for more information. ††Proportions may vary. †Not all domestic appliances have an EU energy label. Please refer to Sales Consultant.

SUMMERTOWN HOUSE

4 BEDROOM DETACHED HOME

Three floors of light and spacious family living start with an open plan kitchen/breakfast room featuring bi-fold doors, mirrored by the glamour of a large sitting/dining room with feature fireplace and both accessed via the separate utility room, which also leads to a double integral garage.

This sets the design space for a grand terrace above, where you can relax outside, before stepping through bi-fold doors to the bespoke snug. Both the master and second bedrooms feature Juliet balconies, while the former also boasts a stylish four-piece en suite bathroom and private dresser.

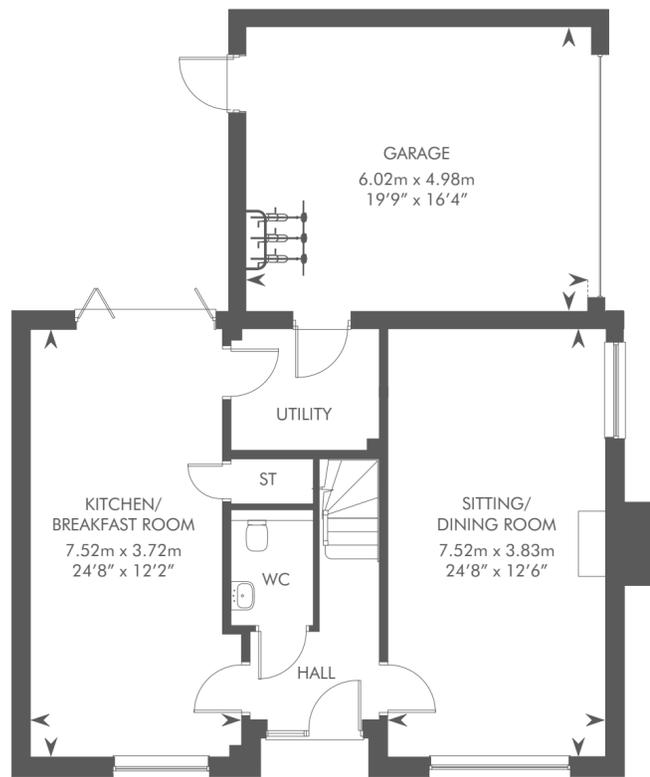

A luxury four-piece family bathroom completes the first floor, leaving two further bedrooms with fitted wardrobes to enjoy their own shower room and ample storage on the top elevation.

HEADINGTON HOUSE

4 BEDROOM SEMI-DETACHED HOME

With a distinctive kerb appeal, this stunning family home offers all the contemporary space you need. Its large open plan kitchen/dining room features luxury bi-fold doors to bring the outside in and flow naturally into the rear garden.

The separate formal sitting room will impress too, complemented by a downstairs cloakroom, handy storage cupboard and generous garage.

Upstairs, you'll find plenty of personal space, including a master bedroom with its own dressing room and a luxury four-piece en suite. Above the garage, the second en suite bedroom is perfect for teenagers, featuring a built-in wardrobe and attractive Juliet balcony.

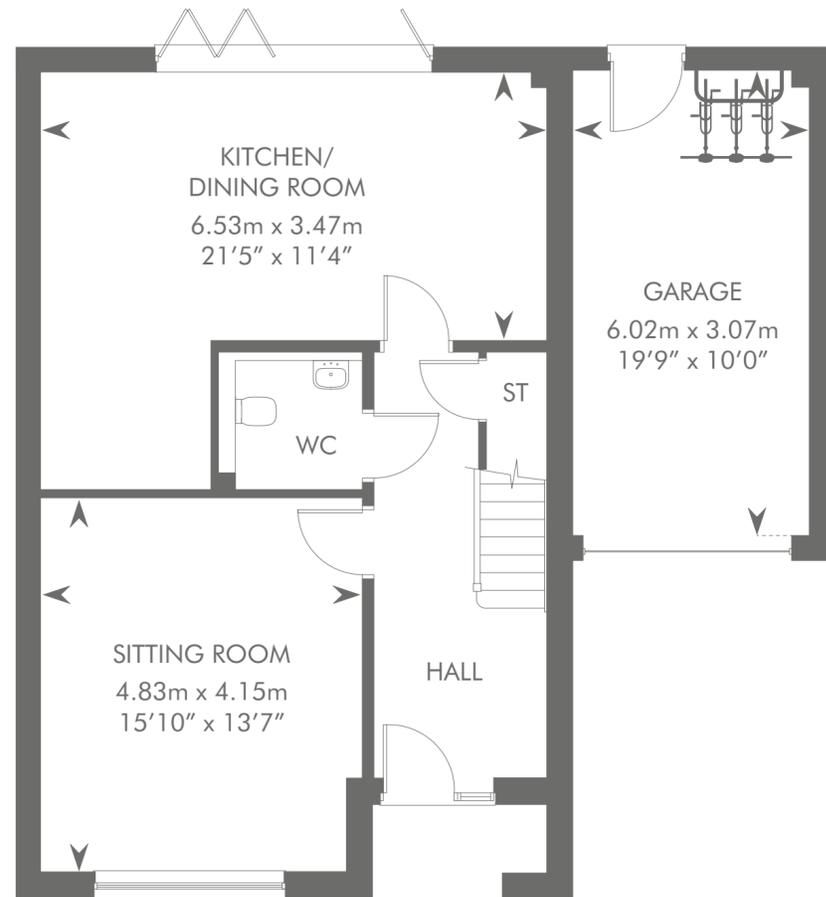

A further two bedrooms come with fitted wardrobes and one also enjoys a Juliet balcony, all accommodated by a family bathroom and airing cupboard.

LOOK FORWARD TO A WORLD-CLASS EDUCATION

Attracting thousands every year, the University of Oxford is recognised as the oldest and among the best in the English-speaking world, surrounded by an excellent choice of state, independent and academy schools, all in easy reach.

Comprising 38 consistent colleges, the University of Oxford is a collegiate research university, with Oxford Brookes regarded as one of the UK's leading modern universities, enjoying an international reputation for teaching and innovation.

For younger learners, Wolvercote Primary is a short walk away, together with The Dragon School, which is the country's largest private preparatory school.

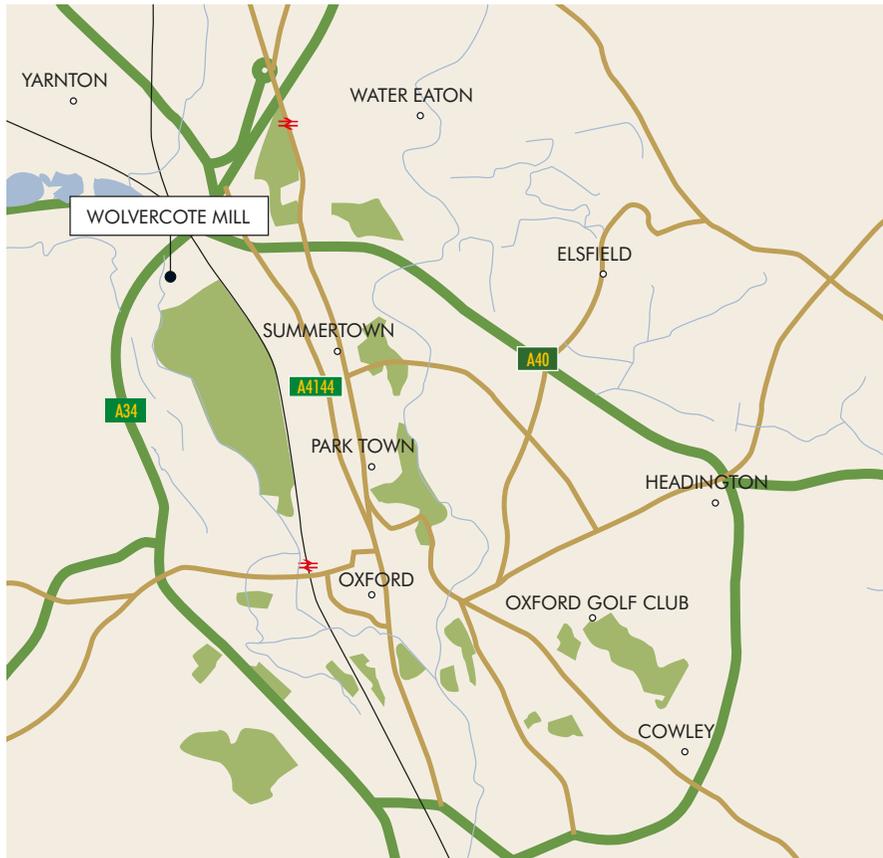

The Cherwell Secondary School is just over two miles away and Matthew Arnold School is a co-educational secondary school and sixth form located just west of Oxford near Cumnor Hill and Botley.

Independent secondary schools include Wynchwood for girls, d'Overbroeck's College, St Edward's and Magdalen College School for boys. State providers include Cherwell School and Matthew Arnold School, while girls can also be educated all the way through at Oxford High and Headington School.

CALA HOMES

CALA Homes' primary goals are to deliver design excellence in everything we do and ensure a first class customer experience for everyone who buys one of our homes.

To achieve this, we focus on investing in our most important asset - our people - and running an effective and sustainable business that makes a positive contribution in the areas where we operate.

CALA is built on the foundation values of passion, quality, delivery and respect.

ASPIRATIONAL
HOMES

FIRST CLASS
CUSTOMER
SERVICE

QUALITY
DESIGN AND
BUILD

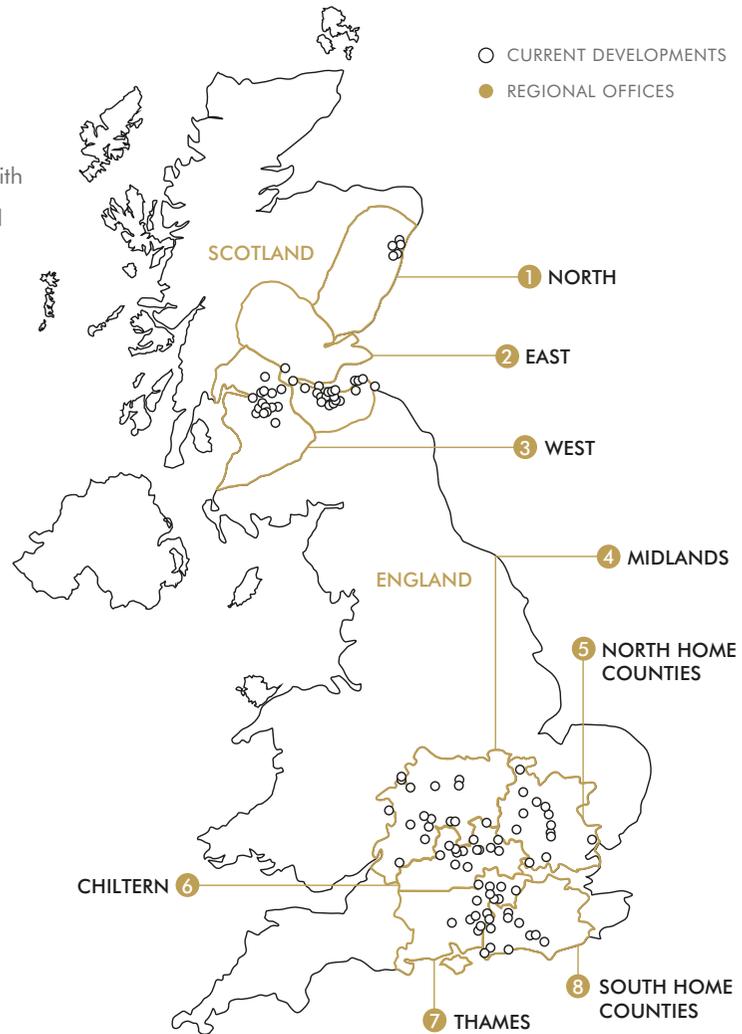

INVESTMENT IN
OUR PEOPLE

POSITIVE
LEGACY

CALA builds aspirational homes in desirable areas across the South East of England, the Midlands and Scotland. Properties range from starter homes to spacious family properties and we also work with local authorities and registered social landlords to provide much-needed affordable housing.

Building a strong, sustainable business that provides opportunities for our people and a positive legacy for future generations will remain at the heart of the CALA way.

SUSTAINABILITY THE CALA WAY

CALA has a rich heritage originally dating back to 1875. We started building homes in the 1970s and, for over 40 years, have been creating high quality, sustainable new homes and communities. However it is not just what we do, but the way we do it that matters to CALA.

Thinking sustainably is at the heart of everything we do; from identifying the right sites, through creating a safe, healthy and fulfilling working environment, to taking a sensitive approach to development and delivering communities that meet local requirements.

LAND

Buying the right sites in sustainable locations that meet the needs of homeowners and are part of local communities.

COMMUNITY CONSULTATION

A collaborative approach to ensure the right design solution for the local area and valuable investment in affordable housing, local facilities and infrastructure.

ENVIRONMENT

A respectful approach to development, minimising the impact on natural resources and biodiversity and creating energy efficient homes.

DESIGN

Homes that meet the needs of customers and future generations and take inspiration from the local vernacular to enhance the areas in which we build.

PEOPLE

Creating an empowering and inclusive culture that puts the well-being of our people, partners, customers and local communities at the heart of our business.

CUSTOMERS

Delivering a first class customer experience from the first enquiry through to after-sales support.
